

PRODUCT OF INDIA

By The Leela Corporation

®

The Leela Corporation

WELCOME TO THE WORLD OF LEEPOL

Leepol is an advancement of
Coating Material Science &
Polymer Chemistry.

Leepol® Carbomer | Leepol® Coat | Leepol® HCO

PRODUCT AT GLIMPSE

Leepol® CARBOMER

ACRYLATES CO-POLYMER

(INCI - Carbomer)

Products	Application	Description
Leepol® ET-1	Thickners	Transparent Gel
Leepol® ET-2	Thickners	Transparent Gel
Leepol® 940	Rheology Modifier Thickners Suspending-Agent Stabilizer Topical Application	Transparent Gel
Leepol® 980		Benzene Free
Leepol® 934		Opaque Gel
Leepol® 974		Benzene Free
Leepol® 941		Low Viscous Clear Gel
Leepol® 971		Benzene Free
Leepol® 934P	Oral Care Application Controlled Release	Special Geades for Internal Use in Pharmaceutical Formulation
Leepol® 974P		
Leepol® 971P		
Leepol® 956	Efficient Rhelogy ModifierCapable Of Providing High Viscosity Gel, Hand Sanitizer, Hydroalcoholic Gel	Cross-Linked Polyacrylate Acid
Leepol® 990	Viscosity Enhancer, Gelling Agent, Suspending Agent, Moisturizing Capability	Cross-Linked Polyacrylate Polymer
Leepol® 996	Excellent Thickening Suspending Performance	Cross-Linked Polyacrylate Polymer

**Leepol® CARBOMER****ACRYLATES CO-POLYMER****(INCI - Carbomer)****Products****Application****Description**

Leepol® 912G

Free flowing granuler
from for direct
compression in
pharmaceutical
industry.

Cross-Linked Water Soluble
Polymer of Acrylic Acid

Leepol® 971G

Leepol® Ultrez 10

Leepol® Ultrez 20

Leepol® Ultrez 21

Leepol® Ultrez 2020

Leepol® Acrym-N-50

Easy to disperse
self wetting
rheology
modifier with Shot
flow High viscosity
Performance
with best in class
electrolyte
tolerance and
clarity

Cross-Linked Water Soluble
Polymer of Acrylic Acid

Acrylates co polymer & mineral
oil & polysorbate 80

Leepol® COAT Coating Material (INCI - Methacrylic Acid & Ethyl Acrylate Copolymer)

Products	Application	Description
Leepol® Coat S-100	Leepol coat series comprise of Methylacrylic acid copolymers which is used in film coating, Enteric coating, sustain release, moisture barrier, taste masking, colon targeted coating,	Methylacrylic acid copolymers Solvent System & Aqueous System
Leepol® Coat L-100		
Leepol® Coat L-100D		
Leepol® Coat L-30D		
Leepol® Coat L-30DA		
Leepol® Coat E-100		
Leepol® Coat E-12.5		
Leepol® Coat EPO		

Leepol® HCO (Polyoxyl 40-Hydrogenated Castor Oil)

Products	Application	Description
Leepol® HCO K-140	Leepol® HCO is non ionic solubiliser and emulsifier obtained by reacting hydrogenated castor oil Applicable as Solubilizer Dissolution Improver Emulsifier Moisturizer Transparency Improver Volatility retardant Film Former Masking Agent Aerosol Formulations	Colorless Viscous Liquid
Leepol® HCO POWDER		Odourless Viscous Liquid
Leepol® HCO FLAKE		Nontoxic
Leepol® HCO K-150		White to Pale Yellow Viscous Liquid Nontoxic
Leepol® HCO K-160		

THE LEELA HOUSE

F/2 Mangalam Nirvana - 2, Behind Umiya Campus, Sola, S.G Highway, Ahmedabad - 380060, Gujarat, INDIA
